

UNITED STATES DISTRICT COURT
DISTRICT OF MASSACHUSETTS

RACHEL CULLINANE, et al.

Plaintiffs,

v.

UBER TECHNOLOGIES, INC.,

Defendant.

Civil Action No. 1:14-cv-14750-DPW

**ORDER AUTHORIZING SECOND PHASE
DISTRIBUTION PAYMENTS**

Upon consideration of the Parties Joint Report On Amounts Remaining In Settlement Fund For Second Phase Distribution, ECF # 167, and accompanying Declaration, ECF # 167-1, and for the reasons discussed in the hearing before this Court on February 7, 2023, the Court orders the following with regard to the Second Phase Distribution:

1. The Court authorizes the Second Phase Distribution payments and approves the issuance of payments of an equal amount to each of the 3,740 Eligible Class Members who made claims for a Second Phase Distribution payment from the remaining Settlement Fund. This payment is described as Option 1 (Equal Allocation) in the Parties' Joint Report, ECF # 167.

2. The Settlement Administrator, KCC, shall issue the Second Phase Distribution payments, by check sent by first class mail, to the 3,740 Eligible Class Members by **March 15, 2023**.

3. The checks shall become void 120 days after issuance, or no later than **July 17, 2023**. If an Eligible Class Member requests that a check be reissued, any reissued check will have the same void date as the originally issued check.

4. Within one week of the checks' void date, KCC will provide the Parties and Court with a preliminary report on the distribution, including the number of checks that were cashed, and the total dollar amount of uncashed checks.

5. Within 30 days of the void date, or no later than **August 17, 2023**, the Parties will submit to the Court KCC's final report on the distribution, and on funds remaining in the Settlement Fund.

6. The Court authorizes the payment of up to \$55,000 to KCC for the issuance of the Second Phase Distribution payments, and related administration services.

IT IS SO ORDERED.

DATED: February 8, 2023
